Driving the Miracle: Finding Greater Joy & Making a Difference in the World Through Service & Contribution

Hostage: 15 Days in Hell

Presented by Lois Fraley

In January 2004, America’s national attention was riveted by the longest prison standoff in history and the brutal hostage-taking of Corrections Officer Lois Fraley. A pair of violent convicts breached a prison guard tower after a failed breakout attempt taking Officer Fraley and another Corrections Officer captive in a siege that would last for 15 days.

Bridges Out of Poverty

Presented by Terie Dreussi Smith

An entertaining and motivating overview of key lessons in dealing with individuals living in poverty. Highlights include increasing awareness of the differences in economic cultures, how those differences affect opportunities for success, and developing an action plan to improve services to clients. This presentation is based on the book Bridges Out Of Poverty: Strategies for Professionals and Communities, a collaboration between Ruby K. Payne, Philip DeVol, and Terie Dreussi Smith.

Is It Just Me, or Is This Job Stressing Us Out?

Presented by Angela R. McCown

It’s 3:00 in the morning and once again you are lying in bed wide awake, thinking about work. Should you get up? No, you need a decent night’s rest to be able to tackle the challenges of work. You try to relax-start counting sheep that slowly begin to take on the faces of your clients and co-workers! Oh no-if you can’t fall asleep, you’ll never be able to function. Ever had one of those nights? Many of us are impacted by stress and trauma every day-take it home with us, only to lie awake in bed with it! Sustained and repeated stress can disrupt our bodies in seemingly endless ways; we can literally worry ourselves sick. This workshop will address personal and work-related stress, helping the participants to identify their stressors, understand the impact of stress on their minds and bodies, and increase their resiliency so that we might all go home and get a good night’s rest!

Facts & Impacts: The Laci Peterson Case

Presented by Chief Roy W. Wasden and Philip S. Trompetter, Ph.D.

The Laci Peterson Case had a far-reaching impact on the lives of many as the country watched it unfold. This session will highlight the specific stressors on the Peterson team of investigators, prosecutors, and their family members, and will present some of the strategies employed to manage them.
